CATALOGO | CATALOGUE 2020

**Spirito libero, carattere  
indipendente, un'idea unica in 4  
diverse dimensioni e svariati mood:  
Doodle non segue le mode, le  
cattura dal tempo in cui vive.**

Più che un orologio, un accessorio che s'ispira a un mondo che, senza bisogno di proclami ufficiali e diktat della moda, ha creato simboli e segni amati e riconosciuti e che sono entrato nel nostro quotidiano lifestyle.

Un orologio superversatile, un tatuaggio temporaneo che può essere tolto la sera e sostituito con uno diverso il giorno successivo, un dettaglio che dice sempre chi sei ma che ti permette di reinventarti ogni volta che vuoi.

Quando scopri il mondo di Doodle, sarà difficile uscire senza.

**For free-spirited people with an  
independent personality,  
a unique concept in 4 different sizes  
and nay moods: Doodle doesn't follow  
the trends, it captures them from the  
present moment in time.**

It is much more than a watch: it is an accessory inspired by a world of celebrated and well-known symbols and brands that have become part of our daily lifestyle, with no need for fashion diktats or statements.

A highly versatile watch that you can take off in the evening and, the next day, you can put on a different one, just as you would with a temporary tattoo. An item that always shows who you are while allowing you to change your look whenever you want.

Once you discover the Doodle world, you will find it hard to go out without it.
