

A woman with dark hair pulled back is sitting on a wooden chair outdoors. She is wearing a thick, grey, textured knit sweater with a high turtleneck and wide, ruffled sleeves. She is also wearing grey trousers. Her hands are clasped near her face, and she is looking directly at the camera. She is wearing several pieces of jewelry: a ring on her finger, a thin bracelet, and a wide, multi-strand bracelet with green and gold beads. The background is a body of water with lily pads. The overall mood is serene and elegant.

Warranty Conditions

Sparkling products are designed and manufactured according to international quality standards. All our jewelry is made of 925 sterling silver with rhodium plating, 14kt gold plating or 18kt rose gold plating (nickel free). With the exception of our Sphere collection, which is made of bronze with a silver and rhodium plating, 14kt gold plating or 18kt rose gold plating; our golden rings, which are made of 9 karat 375 gold; and the branded labels on our bracelets, which are made of stainless steel with a PVD coating.

All Sparkling products have a warranty period of 6 months for wear and tear and 2 years for manufacturers defects, valid from the original date of purchase (provable with a printed receipt). Our beaded bracelets have a 10-year plating guarantee on the plating of the beads, with the exception of the branded label.

Defect jewelry that applies to our warranty terms, will be repaired or replaced free of charge. Unreasonable or inconsistent use, changes or repairs made by unauthorized persons and fall damage of our gemstones will void the warranty. The warranty applies to manufacturing defects and hidden defects validated by our experts. The warranty does not cover the following: damage resulting from improper use, negligence, accidents, break and cracks in chains and normal wear and tear.
